## Professional Profile

Frontend Engineer / React Developer with strong experience delivering **reliable, maintainable, and scalable web applications** aligned with enterprise standards. Specialized in React.js and Next.js, with a focus on performance optimization, accessibility compliance, code quality, and long-term maintainability. Experienced collaborating within cross-functional teams, following structured development processes, and contributing to systems that prioritize stability, scalability, and security while meeting business and user requirements.

## Core Technical Competencies

- React.js, Next.js (App Router), JavaScript (ES6+), HTML5, CSS3
- TailwindCSS, Design Systems, Responsive & Accessible UI
- Node.js, Express, MongoDB, RESTful APIs
- Performance optimization, SEO, Core Web Vitals, Lighthouse
- Authentication, Payments (Stripe), Secure frontend integrations
- Git, Agile methodologies (Scrum, Kanban), CI/CD familiarity

## Professional Experience

### Frontend Engineer / React Developer – Freelancer (2019 – Present)

Delivered production-grade frontend solutions using React.js and Next.js, adhering to clean code principles and enterprise-ready architecture. Worked closely with stakeholders and designers to implement scalable UI components, optimize performance, and ensure consistent user experience across devices. Contributed to long-term maintainability through modular design and best practices.

## Selected Projects

### Moreture Vegas – Transportation Platform

Enterprise-ready frontend architecture with Next.js and TailwindCSS. Integrated secure payments via Stripe. Achieved industry-leading Lighthouse scores (Performance 100, SEO 100), ensuring speed, reliability, and search visibility.

### Realtor Firebase – Real Estate Platform

Scalable real estate application featuring advanced filtering, scheduling, and application flows. Focused on performance, accessibility, and SEO, with consistent Lighthouse scores above 90.

## Education

Bachelor of Science in Computer Science

University of Informatics Sciences (UCI), Havana, Cuba
